

# Hex Socket - Embossing Screws

Model SCBFPCM()-L

**PC** Polycarbonate / Engineering Plastics

PC is an amorphous thermoplastic, offers a unique combination of toughness with exceptional impact strength. It also exhibits high optical clarity, excellent creep, and high temperature resistance.

**Product Properties**

1. Good electrical insulation.
2. High strength to impact.
3. Flame retarding and UV-resistant.
4. Good dimension stability and light transmittance.

**Applied industries**
