

# Buttonhead Phillips Screws

**Model** SPHPVDM( )-(L)

**PVDF** Fluorine Resin / Advanced Engineering Plastics

Among the group of Fluoropolymers, PVDF (Polyvinylidene Fluoride) has the premium properties as the best mechanical strength and toughness, low friction coefficient, strong corrosion resistance, anti-aging, weather resistance, anti-radiation, etc.

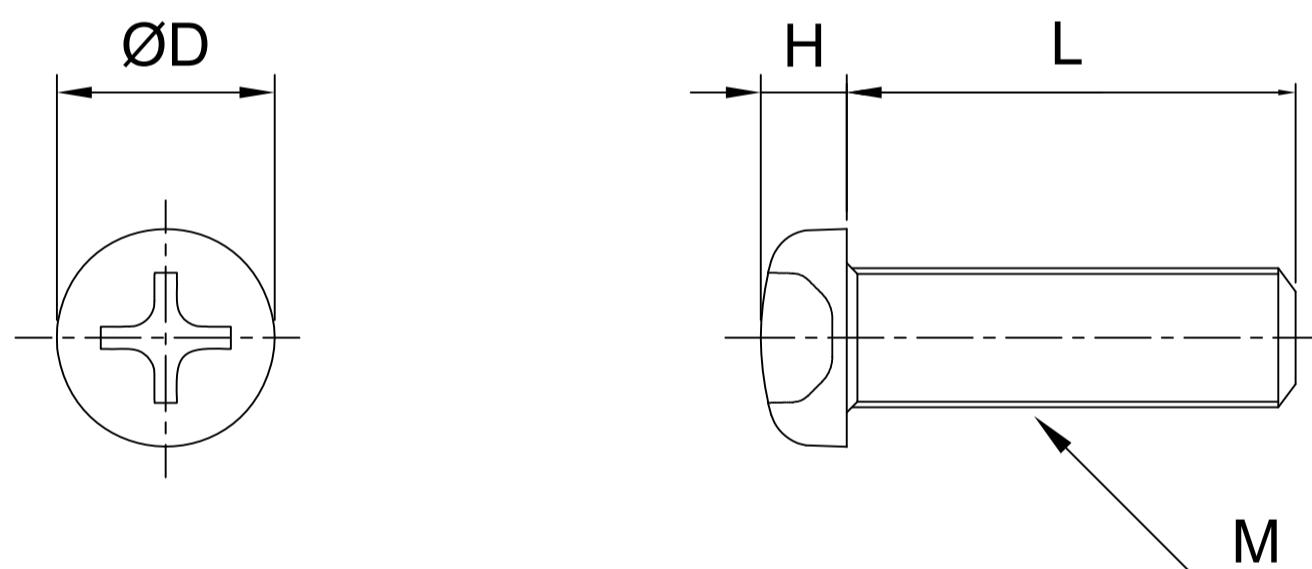

#### Product Properties

1. Excellent chemical resistance to most of aggressive solvents.
2. Excellent mechanical strength & high abrasion resistance.
3. Continuous use temperature up to 150°C.
4. Excellent ageing resistance.
5. Resistance to UV and nuclear radiations.
6. Excellent intrinsic fire resistance.

#### Applied industries

## Specs

**Model:** SPHPVDM( )-(L)
